

Sofien LAGHOUANEM

Development of Information Systems

As a dedicated DSI student at ISET Chrguia with a passion for coding, I am on a mission to evolve into a formidable software engineer. Fueled by the thrill of transforming ideas into reality, I embrace the challenge of continuous learning, innovation, and creative problem-solving.

WORK EXPERIENCE

Joint CEO

3DEEZ.tn - Online Store - Since October 2023

As a rapidly growing online platform, we take pride in delivering high-quality 3D printed products and custom solutions to our diverse customer base.

Introductory Internship

SagemCom - Ben Arous - From January 2023 to February 2023

I gained practical exposure to the IT work environment, observing how the team collaborates and manages technical projects effectively.

Content Moderator

Concentrix - Chargaia 2 - Since July 2022

I ensured that submitted content adhered to guidelines, maintaining high quality and accuracy while enhancing my attention to detail .

VOLUNTARY EXPERIENCE

President

Securniets - ISET Charguia - From September 2023 to January 2024

Securinets is the largest cybersecurity association and community in Tunisia. Thanks to its professional technical team, it offers a wide range of training each year.

Member

AJCC - Tunisia, Rades - From June 2020 to October 2020

An apolitical association aiming to contribute to the creation of a cultural field for young people which allows them to be creative and develop their sense of artistic creation.

Volunteer

Red Crescent - Tunisia, Rades - From July 2020 to September 2020
